TERMS PER YEAR, - - - $2,00.
IN ADVANCE!

THE WEEKLY GAZETTE is now the largest paper printed in the State, and having the matter published in the DAILY to select from, we challenge comparison with any newspaper in Wisconsin. In correct political doctrine, in reliable market reports, in giving the latest news from all quarters, in literary merit and in local information relating to this city and county, we shall spare no pains to make the WEEKLY GAZETTE worthy of public patronage and support.

The News.

Among the interesting items of news from Kentucky it will be noticed with gratification that Governor Bramlette will soon commence to stump part of the State for the constitutional amendment.

The confederate soldiers are busy in subduing guerrillas in the southern states.

John Minor Botts is in Richmond and will oppose Gov. Pierpont's administration.

The fate of the new constitution in Missouri is still undecided, although it appears to have been defeated.

The people of Texas are reported to be willing to return to their allegiance if they can only have peace and quietness.

Gov. Watt, of Alabama, has been released, and it is stated that Gov. Vance of North Carolina, and Gov. Letcher of Virginia will also be released.

The locality and manner of Jeff. Davis' trial are as yet equally uncertain. Maryland, Pennsylvania and the District of Columbia are each claiming the distinction of locality.

General Sherman arrived in Chicago yesterday and was serenaded at the Tremont House last night.

Gold closed at 1.37⅞.

General C. C. Washburn.

Major General Washburn, of this State, having resigned his commission in the army, was at Galena on Wednesday last on his way home. He was serenaded at the residence of his brother, Hon. E. B. Washburn, and acknowledged the honor in a pertinent speech. The General briefly alluded to the present situation in Western Tennessee, and gave an encouraging account of the progress of reconciliation. The whole people have returned to their allegiance; the civil Government has been restored, and order evoked from chaos; the rebellion suppressed, and the Union restored. He was returning to the pursuits of civil life, prouder than ever of his country, now regenerated by universal emancipation. He congratulated the loyal people of Galena for the proud record their city had made, in giving to the country not only the Lieutenant General but some of the bravest and most distinguished soldiers that the country could boast.

BRIG. GEN. HALBERT E. PAINE, Member of Congress for the Milwaukee District, resigned his commission some months since, providing that the resignation should take effect March 4th. The resignation was not accepted, and he was ordered to take the place of Carl Schurz, in superintending the re-recruiting of the West for Hancock's Corps. When the war ended by the surrender of all the rebel armies, he again tendered his resignation, which has recently been accepted.

TELEGRAPHIC communication has been re-established between New York, New Orleans Charleston and other points at the South. On Saturnay, the following dispatch was received in New York.

CHARLESTON, S. C., June 2, 1865.

Charleston extends the right hand of fellowship to New York.

May the reunion links of common bonds never again be separated.

The steamer *Alhambra* left this port at 11 o'clock yesterday morning with a heavy freight and mail for New York.

ALL that Maryland wants now is Northern emigrants. Rev. J. F. Ware, of Baltimore, writes to the *Christian Register:*

"Said a gentleman, well known here, to me—himself a Southern man and a large slaveowner, who had by word and act notoriously sided with the South—'What Maryland to-day wants is five hundred thousand Yankees.' I smiled and said that I had not placed the number quite so high, when he repeated with emphasis, 'Yes, sir; five hundred thousand Yankees.'"

SOCIETY in Texas is in a fearful state of anarchy and demoralization. In the principal cities scenes of violence are of constant occurrence, and the better class of citizens are anxious to secure the protection of the United States.

BEN. WOOD has left the New York *Daily News*, and John Mitchell, lately of Richmond, takes his place. As the *News* was always in favor of the rebels, this change of editors will not make any difference in its politics.

FREE labor is getting popular in North Carolina, and even the startling proposition to permit negroes to vote is discussed in all seriousness, and not one of its advocates seems to be in peril of his life.

KIRBY SMITH GONE TO FRANCE.—Kirby Smith has left Texas and is going to France *via* of Mexico. His wife has already come North and gone to Maryland, from whence she will proceed to join her husband.

THE discharge of so many men from the army will reduce the price of labor all over the country. The wages of sailors at New York have fallen lately from $50 to $30 per month. The supply exceeds the demand now.

WITHIN the next ten days, the following Illinois regiments will arrive at Chicago to be paid off and mustered out: 78th, 85th, 90th, 92d, 93d, 102d, 103d, 104th, 127th and 129th.

CHEAP ENOUGH.—The horses of the disbanded cavalry are selling at from $30 to $50 each. Mules go at slightly higher rates.

THE citizens of St. Paul are contributing money for the purpose of establishing a Soldiers' Home in that city.

A Soldiers' Orphans' Home has recently been established at St. Louis.

State News

The Racine *Journal* publishes a lenghty programme for the Fourth, indicative of a fine display. Fifty Danes have arrived in that town during the past week, direct from Denmark.——A first class woolen factory is to be established at Racine.——In Grant county, $1,410 has been raised towards erecting a suitable monument as a tribute to the soldiers who have fallen for their country, from that county.——A large number of people were at the sheep-shearing festival at North Prairie recently. Nearly every town in the county was represented. ——A letter has been received at Madison, from the 11th Wisconsin, endorsing General Lucius Fairchild, as the Union candidate for Governor next fall.——Mayor Tallmadge, of Milwaukee, Treasurer of the Home Fair, acknowledges, through the *Home Fair Journal*, the receipt of cash donations to the Fair, amounting in the aggregate to $12,538.51. This amount is exclusive of all donations of articles, and embraces the receipts up to the middle of last week. This is a large amount at this state of the enterprise.——R. Laughton, of Platteville, has been sowing salt on his wheat, at the rate of half a barrel an acre, to preserve it from the chinch bug. He found the experiment successful last year, raising seventeen and a half bushels to the acre where he sowed salt, and not a pint on the other portion. It should be sowed now.——J. C. Holloway of Lancaster, has a fine flock of sheep. He sheared 20, 19, and 18 1-2 pounds of fine wool from three bucks.

THE HAND OF GOD IN GREAT EVENTS.—The Boston *Post*, in an editorial under the head "Thoughts for the day," says with great force:

No people was ever taught the lesson of direct dependence upon Heaven more thoroughly than we. The course of war has inculcated it at every stage. Where we felt the most assurance we have as often failed. We have been directed into paths which ourselves we should not have elected to follow. Our unwilling steps have proved the most direct to our place of safety. The wisest counsels of our wisest men have been thwarted by events again and again. Unlooked for instruments of deliverance have been placed in our hands. The humble have succeeded in confounding the high and mighty. Devices which were built mainly on or entirely on human skill have been put aside as the child puts away its toys. Wherever we have looked for help' if we have averted our faces from Heaven, we looked invariably in vain. The Ruler of the universe has visibly led us through the miraculous maze of our national peril; and to Him we must continue to appeal for safety and guidance, if we would continue one people, and enjoy lasting prosperity and happiness.

GERMAN EMIGRANTS COMING.—At Dresden, on the 26th of June, commences the largest agricultural exhibition which will be held on the continent during the year, and at the same time a meeting of all the prominent agriculturists of Germany, at the same place. A letter from Dresden says of the prospects of emigration: "The harbor of Hamburg is now fuller of vessels than it has been at the same season for years; and yet there are not enough to take on board all the emigrants bound for America. The wharf here is lined with emigrants as far as the eye can reach. The war in Denmark has done much to do away with prejudices on the part of the Germans against America, because the London *Times* was about the only paper taken here, which contained articles relative to America, and all those articles, in times past, as well as at present, were unfriendly to the North. During the Danish war, the London *Times* advocated the side of the Danes. This opened the Germans' eyes; they discarded the *Times*, and sent their own correspondents to America, and since then a much better feeling towards America prevails here, and the emigrants are a better class than usual."

A LOYAL SOUTHERNER DEAD.—James C. Johnson, one of the wealthiest men in the South, died on the 15th of May, at his home near Edenton, in North Carolina. He disinherited all his relatives because they left him and identified themselves with the rebel cause. His property, amounting to many millions of dollars, he left to a few personal friends. His immense possessions, on the Roanoke river, comprise the richest lands in the country. At the outbreak of the rebellion, he told his slaves, numbering nearly a thousand, that the war would make them free, and they could remain with him or go where they pleased. He was a personal friend of Henry Clay, whose indebtedness, which amounted to over thirty thousand dollars, Mr. Johnson is said to have canceled without Mr. Clay's knowledge, who was never able to ascertain who his benefactor was. He was about 80 years of age when he died, and was a devoted Union man up to the hour of his death.

WANTED—AN ODE.—An opening ode for the coming Fair is wanted; and the editors of the *Journal* have been empowered by the Ladies' Executive Committee, to offer a prize of fifty dollars for a poem appropriate to the occasion, of not less than one hundred lines. All manuscripts sent for this purpose must be held at the disposal of the committee appointed to examine and award the prize; which committee consists of C. L. Sholes, Geo. H Paul and J. M. Stowell. It will also be discretionary with the committee to award the prize or not, according to the merits of the production sent to them. Competitors for this prize must send in their productions to C. L. Sholes, on or before the 25th inst.—*Milwaukee Home Fair Journal.*

A JEWISH ANNIVERSARY.—The 31st of May is set down in the Jewish calendar as the three thousand three hundred and sixtieth anniversary of the revelation by Jehovah to Moses on Mount Sinai, and the delivery of the Ten Commandments. According to Israelitish computation, it was the sixth day of the month Sivan, or the third month of their exodus from Egypt. Appropriate services were to have been held in all the Jewish synagogues in the world.

KIRBY SMITH'S SURRENDER.

The Official Terms as Drawn up and Signed.

Terms of a military convention, entered into this 26th day of May, 1865, at New Orleans, La., between General E. Kirby Smith, Confederate States army, commanding the Department of Trans-Mississippi, and Major General E. R. S. Canby, United States army, commanding army and division of West Mississippi, for the surrender of the troops and public property of the military and naval authorities of the Trans-Mississippi Department.

I. All acts of war and resistance against the United States, on the part of the troops under General Smith, shall cease from this date.

II. The officers and men to be paroled until duly exchanged, or otherwise released from the obligation of their parole by the authority of the Government of the United States. Duplicate rolls of all officers and men paroled to be retained by such officers as may be designated by the parties hereto—officers giving their individual paroles, and commanders of regiments, battalions, companies and detachments signing a like parole for the men of their respective commands.

III. Artillery, small arms, ammunition and other property of the Confederate States, including gunboats and transports, to be turned over to the officers appointed to receive the same on the part of the Government of the United States; duplicate inventories of the property to be surrendered to be prepared, one copy to be returned by the officer delivering, and the other by the officer receiving it, for the information of their respective commanders,

IV. The officers and men paroled under this agreement will be allowed to return to their homes, with the assurance that they will not be disturbed by the authorities of the United States as long as they will continue to observe the conditions of their parole and the laws in force where they reside; except that persons resident in the Northern States, and not exempted in the amnesty proclamation of the President, may return to their homes on taking the oath of allegiance to the United States.

V. The surrender of property will not include the side arms, or private horses, or baggage of officers.

VI. All horses which are, in good faith, the private property of enlisted men, will not be taken from them; the men will be permitted to take such with them to their homes, to be used for private purposes only.

VII. The time, mode and place of paroling and surrender of property, will be fixed by the respective commanders, and it will be carried out by commissioners appointed by them.

VIII. The terms and conditions of this convention to extend to all officers and men of the army and navy of the Confederate States, or any of them, being in or belonging to the Trans-Mississippi Department.

IX. Transportation and subsistence to be furnished at public cost for the officers and men (after being paroled) to the nearest practicable point to their homes.

S. B. BUCKNER,
Lieutenant Gen. and Chief of Staff, for Gen. E. Kirby Smith.

P. JOS. OSTERHAUS,
Maj. Gen. Volunteers and Chief of Staff, for Maj. Gen. E. R. S. Canby, commanding Military Division Western Miss.

OUR SOLDIERS—THE AMERICAN MAN.—All those who had the fortune to see the review of the army of the Potomac and the army of Sherman in Washington last week, were greatly struck with the superb physical developement of the two hundred thousand young men who then marched past the President. Their healthfulness, strength and size, their litheness and vigor, their freedom from superfluous fat and muscle, the firmness of their tread and force of their movement, were very notable. Those ignorant European writers who assert that man in America has physically degenerated, would have found their theories completely overthrown by this spectacle. Observers on the spot generally estimated that the western army averaged somewhat more in height—say about an inch—than the army of the Potomac; but the men of either army were much taller than the French or any other European troops. As for the average age of the troops, General Grant puts it now, at the close of the war, at about twenty-three years.

There is no doubt that campaigning has done much for the *physique* of the million young men who have been in the army. The open-air life, the simple fare, the hardy exercise, the discipline, have all affected them favorably. The war has not been so long or so destructive as to cause physical degeneracy, such as resulted to the French after the Napoleonic wars. It has not been carried to the point of exhaustion. It has ended rather with their perfect developement.—*N. Y. Times.*

A LIE NAILED.—The Copperhead papers have been giving details of what perported to be a negro plot at Memphis to murder paroled rebel prisoners in revenge for the massacre of Fort Pillow. The story was bloody and horrible enough. If true it justified a great deal of indignation. But it lacked the somewhat essential basis of fact, as do most of the complaints upon which charges against the liberated blacks are founded. Gen. Washburne, commanding at Memphis, publishes a declaration that the narrative is a lie, manufactured out of whole cloth. Of course the journals which have labored to give the statement currency and force, will not see the denial.

A MEETING of lumbermen at Stevens Point, on the 29th and 30th of May, initiated a most important movement to the whole lumbering interests on the Wisconsin river. The entire scope of the organization is to secure the free and easy navigation of the Wisconsin river for the benefit of lumbermen.

IT IS said that the only joke General Sherman ever perpetrated was upon entering the capital of North Carolina. Turning to a regiment of veterans who were marching by the State House, he called out: "Don't you think this is a good place to sing *Raleigh* round the flag, boys?"

ICE CREAM FREEZERS.—Wheelock has some most admirable ice cream freezers, of a new pattern. The only trouble with them is that great care has to be used about driving cows too near them, lest they should from that time give ice cream instead of milk.

A COURSE OF LECTURES.—We understand that the Young Men's Literary Union of this city, have made arrangements for a course of lectures for the coming season, the speakers to be from the best literary talent of the country. When the programme is perfected we shall be glad to give it to the public, and feel sure that our citizens will sustain liberally such enterprise on the part of our young men.

A FREE FIGHT IN THE SECOND WARD.—There was a lively scrimmage this morning between a fellow in the Second Ward and a Teutonic maiden, incited by some rather pointed and offensive epithets applied by the former to the latter. A gentleman who has been over the field of battle and assisted in dressing the injuries of the wounded, reports that the young woman got her opponent in a tight place. The belligerants were finally separated.

ALBION ACADEMY.—The eleventh anniversary session of Albion Academy will be holden Wednesday, June 28, 1865, exercises will commence at 2 o'clock p. m.

Examination of the Gymnastic class, Saturday evening, June 24.

Annual sermon, Sunday evening, June 25th.

Examination of the Elocution class, Monday evening, June 26.

Address to the Societies, Tuesday evening, June 27, by Prof. J. Emerson, of Beloit College.

Reunion of the students, Wednesday evening, June 28.

All who are interested in these exercises are cordially invited to attend.

BY ORDER OF COMMITTEE,
H. S. POMEROY, Ch'n.

Albion, Wis., June 8.

THE following resolutions which speak for themselves, were passed by the Executive Board of the Rock County Agricultural Society, May 26th, 1865:

Resolved, That the next sale and exchange day of Rock county be held on the the fair grounds, Friday, June 30th, 1865.

Resolved, That we extend a pressing invitation to the ladies to attend and take part in our sale and exchange days.

Resolved, That the Wisconsin State Agricultural Society can have the use of the Rock County Agricultural grounds for holding their next Annual Fair, for the sum of $400, and this offer to be held open to the first Saturday of July, 1865.

H. P. FALES, Pres't.
J. FOWLE, Sec'y.

Suggestion.—Inasmuch as the gentlemen feel their inability (which is expressed in the pressing invitation) to make interesting the sale and exchange days without the presence and co-operation of the ladies, I would suggest to them that if they have any enterprise for which they wish to raise funds, that they manufacture by their handiwork various articles and offer them for sale on that day, or any other device they may think proper for the occasion. The Floral Hall would be a suitable place for their department. J. F.

OUR MILWAUKEE ADVERTISERS.—Knowing as we do, the advantages in the way of trade which Milwaukee holds out to the inland towns of the State, it has been a matter of surprise to us that widely extended trade relations were not established between our own citizens and the metropolis of Wisconsin. We are satisfied that judicious buyers can do as well if not better there—in many and perhaps all articles of merchandize—as in any market west of the Lakes, to say the least. There ought to be a better state of feeling between our city and Milwaukee and we believe it will be the fault of the latter if such is not the case. We are happy to notice a disposition on the part of some of its merchants to cultivate our acquaintance, and therefore take pleasure in calling the attention of our readers to the cards of various business firms in that city.

The dry goods establishment of Messrs. F. R. Sherwin & Co., 372 and 374 East Water street, is one which no one who visits Milwaukee should fail to look through. It is capacious in extent, is handsomely and conveniently fitted up, and has one of the finest and best silk, shawl and cloak rooms in that city, and it is full of choice goods. The spacious rooms comprising the body of the store, are filled with an inviting stock, embracing all varieties of goods, while capacious rooms in the second story hold out tempting inducements to purchasers at wholesale. Added to all this, no one can fail of being pleased with Messrs. Sherwin & Co. as business men. The house is a credit to Milwaukee and a good place to trade. Do not fail to visit it if you go there.

Another advertisement which we commend especially to the attention of dealers in saddlery hardware, harness makers, carriage makers and carriage trimmers, is that of Barnes Brothers, 350 East Water street. Their stock is perfectly bewildering in extent, and embraces every thing that can be thought of in connection with an establishment of this kind. It will be for the interest of those in want of goods of this description to send in their orders to this firm.

A. C. Patterson & Co., agent for GOLD'S PATENT UNION STEAM HEATERS; and dealers in stoves, tin ware, stove pipe, zinc, &c., 353 East Water Street, Milwaukee, Wis., are prepared to fill any orders in their line of goods on advantageous terms.

The well known firm of S. C. West & Co., dealers in books and stationery, have also a word to say about their line of goods. Their especial *forte* is school books, stationery, and paper hangings, which they purchase at first hands and consequently sell low. If it be true that "handsome is that handsome does," they are about the best looking men in the town, besides being very agreeable to deal with.

H. C. Bradley & Co., 325 East Water street, wholesale dealers in Yankee notions, teas, tobacco and cigars, envelopes, writing and wrapping paper have a large establishment at which they offer superior inducements. They also purchase largely in rags. If we may judge of the extent of their business by the activity and life that pervades their store, they must be selling largely and offering customers unsual inducements.

There is something interesting to travelers also in the card of Mr. B. A. Chase, proprieter of the Walker House. This hotel is on the corner of East Water and Mason streets and has always been a favorite resort of the traveling public.

GARABALDI ON THE RELATIONS OF AMERICA AND ENGLAND.—The following is a translation of a letter which Garabaldi had addressed to the editor of the London *Public Opinion* on the relations between England and America:

"SIR—I always considered from the beginning that the American question was one which concerned all humanity and the whole world, and I was grieved to see that a part of the English public were opposed to the restoration of union in the great republic, which arose, it is well known, from causes of rancour which pre-existed between England and America; but it was a sad thing that the good sense of the people who first established the principle of the emancipation of the slaves did not manifest itself in applause to the North Americans, who showed themselves to be the instruments of Providence in carrying out that sublime idea.

"May these lords of the ocean agree, then, for the good of oppressed humanity. Sons of the same mother, may they see that their noble race is now-a-days the bulwark of the rights of nations, and that despotism foments dissension between them because it fears them, and because it knows that if they were on good terms it would be impossible for it to execute its designs, which are fatal to liberty everywhere.

"Yours, &c., G. GARIBALDI.
"Caprera, May, 1865."

FROM TEXAS.

New Orleans, June 8.—Brownville, Texas, was entered by the forces of Brig. Gen. Brown, May 31st. The Confederates before leaving, sold their artillery to the Imperialists.

Cortinas is hovering about Matamoras.

Confederate soldiers are active in subduing guerrillas in the southern states. No mercy is shown them.

The report of Kirby Smith going to Mexico with a large amount of money is confirmed.

Judge Chase has met a cordial reception here, from military, judicial and professional men, and prominent citizens generally.

FROM KENTUCKY.

Lexington, June 6.—The canvass on the part of the Union men in Kentucky is improving very fast. General Fry is gaining strength daily in this district. Captain Neal, candidate for State Treasurer, has commenced an active canvass of the State. General Rousseau will stump Kentucky for United States Senator.

The Union party are making preparations to celebrate the Fourth of July all over the State in a patriotic manner.

Lieutenant Governor Jacobs leads Miss Laura Wilson to the hymeneal altar, in this city to-night.

Governor Bramlette will soon commence to stump part of Kentucky for the constitutional amendment.

FROM WASHINGTON.

New York, June 8.—The *Times'* Washington special says all dismounted cavalry will be immediately discharged from the service. It was believed that the Government would muster out a large amount of cavalry, and reorganize and consolidate what remained; but this will not be done, and a brigade is being sent to the command of Gen. Logan in Kentucky. This causes some dissatisfaction among the men who expected to be discharged.

Efforts are making by the War Department to increase the regular army.

New York, June 8.—The *World's* Washington special says so many troops have been mustered out of the 20th corps that only enough remain to make one good division, and it has been attached to the 14th corps.

There seems to be no truth in the report of an extra session of Congress.

Washington, June 8.—The Government has not yet determined where Jeff. Davis shall be put on trial for treason. Maryland, the eastern District of Pennsylvania and the District of Columbia are competitors for the honor. The indictment was found by the Grand Jury of the District, without consultation with the Attorney General, Secretary of War, or any other member of the Cabinet. It is therefore no indication what the Government will do in the matter.

New York, June 8.—The *World's* Washington special says Gov. Watts, of Ala., who was arrested a few days ago at Macon, Ga., has been released from arrest, and has returned to Montgomery. It is thought that Letcher and Vance, now in the Old Capitol, will be released on parole. It is thought Col. Lewis Parsons, of Taledega, Ala., will be appointed Provisional Governor of Alabama.

All doubt in Fred. Seward's case is at an end. He has rapidly recovered within a few days past, and is enabled to converse freely, and suffers but little pain. The *Tribune* says that Secretary Seward still experiences great difficulty in speaking and eating. His lower jaw being fastened so as to be immovable. The lower part of his face is completely enveloped in mechanical contrivances for keeping his jaw in place so that it may heal.

It is authoritatively announced that the President has ordered the suspension of sales of rebel landed property, for non-payment of direct taxes, in Tennessee. There are reasons to believe that this policy will be extended to all Southern States.

Commissioner Dole, of the Indian Bureau, has been invited to resign, and it is believed he will accept it soon.

Major Gen. Howard returned last evening from his tour of inspection to Richmond, Va. He visited many contraband camps and schools, and since his return has made some nominations of Superintendents in Virginia.

Maj. Gen. Palmer, commanding in Kentucky, arrived here this morning and has had an interview with the President and Secretary of War. He will return tomorrow to his command.

The *Times'* special says Admiral Goldsboro's flag ship *Colorado* has left for Europe. The squadron will probably remain principally on the coasts of France and England.

FROM CHICAGO.

Chicago, June 8.—Montgomery & Co's Drug Store, on Water street, was destroyed by fire to-night.

FROM PANAMA.

New York, June 8.—The steamer *Costa Rica*, brings Panama dates to the 31st. She brings $570,000 in treasure.

Lieut. Commander Spaulding had arrived to take command of the Sloop of War *Cyane.*

The gunboat *State of Georgia* would leave for Carthagenia on the 1st of June to take on board Gen. Sickles on his return from Bogota.

The Peruvian war brig *Guyassee*, with President Castillo, of Peru, on board as a prisoner, arrived at Panama May 25th.

The revolution in Peru appears to have been thoroughly quelled by President Pessel. Laena and Arica have been retaken from the revolutionists and the war vessels recaptured.

Orseytown advices state that a British steamer is in pursuit of the steamer seized at that place by deserters from the American gunboat *State of Georgia.* The steamer returned to Greystown for supplies and sailed again.

The Greytown harbor was again closed up although a channel ten feet deep had been dug out, but filled again immediately.

Another revolution had broken out in Salvador, several towns pronouncing in favor of Barrias who was in Panama and had been sent for to take command of his adherents.

The Panama *Herald* learns that Juarez issued letters of marque for vessels on both the Pacific and Atlantic oceans to prey on French commerce.

The presence of several armed war vessels on the Chilian coast as reinforcements to the Spanish fleet. created some disquietude in Chili.

FROM VIRGINIA.

New York, June 9.—The *Herald's* correspondent says that John A Wise, brother of Henry a Wise, who admits that his four sons had been in the rebel army till its surrender, and that he and his family had done all they could towards the success of the rebellion, recently wrote to Gen. Gordon, demanding that the government should supply him and his family with farming utensils, horses and seeds, claiming a restoration of citizenship rights, complaining of his sufferings and loss during the war, and that his sons were not allowed to vote in their rebel uniform. Gen. Gordon's reply to this impertinent secessionist, gave him to understand that he and his sons had been traitors to the government and were entitled to no favors from it, but would receive such as in its leniency it might see proper to grant.

John M. Botts arrived in Richmond on the 5th inst. There are rumors there that he intends to oppose the policy of Governor Pierpont's administration and will be a candidate for the United States Senate.

The late rebel Governor of Va., William Smith, has not been arrested, though it is said that he was recently in the vicinity of Richmond.

FROM NEW YORK.

New York, June 8.—The morning papers devote much space to the account of the reception of Gen. Grant yesterday and the meeting at Cooper Institute in the evening. The crowd at the Astor House during the day was very dense and two receptions were held, at which there was much handshaking. About thirty guests were present at the dinner, where Moses H. Grinnell presided. Gen. Grant begged to be excused from responding to a toast in his honor. At the meeting at the Cooper institute several prominent politicians attempted to make speeches, but the audience refused to listen to them until Gen. Grant had been presented. When he came upon the stand the greatest enthusiasm was manifested.

FEMALE SUFFRAGE PROPOSED.

St. Paul, June 7.—A petition is circulating through this State to present to the next Legislature, in favor of woman's suffrage. One of the reasons stated for it is that it would tend to impart a refining and purifying influence in our politics.

FRIDAY, JUNE 9, 1865.

General H. C. Hobart.

We are informed by a gentleman who has seen the democratic slate, that General Harrison C Hobart is the prospective candidate of the copperhead faction of this State, for Governor next fall. General Hobart, it will be remembered, was a candidate for Governor against Randall in 1858, and was badly beaten, after the two aspirants had made a vigorous and protracted canvass of the State.

The manner in which Hobart's nomination was encompassed in the Democratic State Convention made him many enemies, and contributed largely to his defeat. Hon. C. D. Robinson, of Green Bay, was the leading candidate before that convention, and, after several indecisive ballots, it became manifest that Robinson would be nominated, when the Hobart men obtained an adjournment until the next day. When the convention reassembled in the morning, it was found that a great revolution of sentiment had taken place in the minds of the delegates during the night, and Robinson was "scooped" high and dry and Hobart put at the head of the ticket.

In the discussion at Horicon, being hard pressed by Randall, Hobart publicly repudiated all sympathy and affiliation with what was then generally known as "Barstow and the Balance," whereupon ex-Governor Barstow, A. T. Gray and other prominent lights in that wing of the party, came out and repudiated *him*. This lost him the cordial sympathy and support of the old party stagers and workers of his party, who looked upon his defeat with the most christian resignation imaginable.

General Hobart has been a prominent democratic politician in this State for a long time, has served several terms as a member of the Assembly and was once its presiding officer. He is a man of fair ability and would make a better Governor than some others of his party who have been elected to that position. He has been in the service since the war broke out, going in as a Captain and working himself up to a Brigadiership, which position he now holds. He was taken prisoner and was confined several months in Libby prison, but made his escape after awhile and resumed his command. He has been with General Sherman on active duty and participating in nearly every battle, in that unparalled march from Chattanooga to Atlanta, Savannah, Columbia and Raleigh.

While he has been a faithful soldier he has always been an ardent admirer of McClellan and is said to have voted for that military failure last fall. His merit as a soldier will hardly be sufficient to offeet the blunder of having voted for the exponent of a party that declared the war a failure, and which has been in sympathy with conspirators and assassins from first to last.

Letter from Harmony---No. 6.

Editors Gazette :—It is now nearly two months since I wrote you, during which time events have crowded thick and fast in rapid succession, and we grow almost dizzy in the general whirl. "Night succeeds day and day the night," as have sunshine and wind, wind and sunshine, for the last month. The modern saints feel gloomy and show signs of the "blues," while the religious feel almost tantalized by the promising and disappointing clouds and the green fields giving their sweet juices to the all-devouring chinch bug, whose name is legion. But the true philosopher and christian see the hand of "Divine Providence"

"From seeming evil still educing good."

and repose with tireless confidence in the faith that "God worketh all things after the counsel of His own will" and is not restrained by the incantations of mussulmen or Jew, but will ultimate his chastenings in the crowning glories of his own wisdom.

On the 20th of May last, Nathan Cutts, for twenty years a resident and esteemed citizen of our town, gathered up his feet in death, and passed like an infant going to sleep in its mother's arms, to the beautiful shores of the immortal hereafter. Sixty-seven years he trod the rough path of the world and did his full share in making the wilderness to blossom as the rose, and his associates happy with his genial nature.

One other sad event mentioned in your paper a few days ago, took place just out of your city. Mr. Wm. Edgar leaving a hard day's labor in the field at 5 o'clock p. m., May 27, repaired to Janesville, to get some tidings from "Willie in the army." On his way home he was overtaken by some "gentlemen drunkards," who allowed him to ride on their unbound load of lumber. As is often the case with such foolish men, they run their horses and threw Mr. Edgar from the load, running the wheel over his knee and arm, producing a compound fracture of the latter. What makes the event more sad is the fact that at the suggestion of one to stop and tell the family, another drawled out, with an oath, "let them find it out." But when they did finally cry out "the man living here is lying down the road with his arm broken," it was not believed. I am glad to say they were not citizens of Harmony or our sister town where the Good Templar's are having such delightful reminiscences.

I see in your issue of the 6th of June our town clerk made a very brief and clear report of our war expenses. It will give no offense if I state that the $16,114 cash, paid as tax by the town, through the good business tact of the Board covers all interest which will accrue on the $9,114 scrip sold, up to its final settlement. Also that the $2,760 commutation money was paid by the nine men who were drafted, and who afterward paid their proportionate tax with the cheerfulness of loyal men.

HARMONY.

Harmony, June 8th, 1865.

Gen. Sherman's Farewell Order.

HEAD'QRS, MIDDLE DIVISION OF THE MISS., IN THE FIELD, WASHINGTON, May 30, 1865.

Special Field Order—No. 76.

The General commanding announces to the Armies of the Tennessee and Georgia, that the time has come for us to part. Our work is done, and armed enemies no longer defy us. Some of you will be retained in service until further orders. And now we are about to seperate, to mingle with the civil world, it becomes a pleasing duty to recall to mind the situation of national affairs when, but little more than a year ago, we were gathered about the twining cliffs of Lookout Mountain, and all the future was wrapped in doubt and uncertainty. Three armies had come together from distant fields with separate histories, bound by one cause—the union of our country and the perpetuation of the government of our institutions.—There is no need to recall to your memories, Tunnel Hill, with its Rocky Face Mountain, and Buzzard Roost Gap, with the ugly forts of Dalton behind. We were in earnest, and paused not for danger, but dashed through Snake Creek Gap, and fell on Resacca, then to the Etowah, to Dallas, Kenesaw; and the heat of summer found us on the banks of the Chattahoochee, far from home and dependent on a single road for supplies. Again we were not to be held back by any obstacle, and crossed over and fought four heavy battles for the possession of the citadel of Atlanta. That was the crisis of our history. A doubt still clouded our future; but we solved the problem, and destroyed Atlanta, struck boldly across the State of Georgia, secured all the main arteries of life to our enemy, and Christmas found us at Savannah. Waiting there long enough to fill our wagons, we again began a march, which, for peril, labor and results, will compare with any ever made with an organized army. The floods of the Savannah, the swamps of the Combahee and Edisto, the high hills and rocks of the Santee, the flat quagmires of the Pedee and Cape Fear rivers, were all passed in midwinter, with its floods and rains, in the face of an accumulating enemy; and after the battles of Averysboro and Bentonville we once more came out of the wilderness to meet our friends at Goldsboro. Even then, we paused only long enough to get new clothing, to reload our wagons, and again pushed on to Raleigh, and beyond, until we met our enemy, suing for peace instead of war, and offering to submit to the injured laws of his and our country.

As long as that enemy was defiant, nor mountains, nor rivers, nor swamps, nor hunger, nor cold had checked us; but when he who had fought us hard and persistently offered submission, your general thought it wrong to pursue him further, and negotiations followed which resulted, as you all know, in his surrender. How far the operations of the army have contributed to the overthrow of the confederacy, to the peace which now dawns on us, must be judged by others, not by us. But that you have done all that men could do has been admitted by those in authority, and we have a right to join in the universal joy that fills our land because the war is over and our government stands vindicated before the world by the joint action of the volunteer armies of the United States.

To such as remain in the military service, your General need only remind you that successes in the past are due to hard work and discipline, and that the same work and discipline are equally important in the future. To such as go home, he will only say, that our favored country is so grand, so extensive, so diversified in climate, soil and productions, that every man may surely find a home and occupation suited to his tastes; and none should yield to the natural impotence sure to result from our past life of excitement and adventure. You will be invited to seek new adventures abroad; but do not yield to the temptation, for it will lead only to death and disappointment.

Your General now bids you all farewell with the full belief that, as in war you have been good soldiers, so in peace you will make good citizens; and if, unfortunately, new wars should arise in our country, Sherman's army will be the first to buckle on the old armor and come forth to defend and maintain the government of our inheritence and choice.

By order of W. T. SHERMAN,
Major General.

Oil Prospects at Oil Springs.

[From the Oil Springs Chronicle, May 28.]

"The day dawns! The oil comes!" "Last evening, about 5 o,clock, the new well being put down by A. Fletcher, of the exchange Hotel, and R. T. Elliot, lot fifteen, on the third, as soon as the rock was reached—which was at the depth of eighty-two feet—began to fill, and so great was the presaure that in about one hour the well was filled to the depth of fifty feet of oil. This caused no small excitement in the neighborhood. Crowds of people flocked to the spot, and by their wild demonstrations and vociferous cheering, gave evidence that they considered the fortune of the village was now a fixed fact." Concerning the Wyoming Rock Oil Company, the *Chronicle* says: "This company, at the depth of thirty-seven feet in rock, on Thursday last, struck what is said to be the best show that has been in the place for the last two years. Yesterday it showed every indication of making a flow, but we will say nothing further till next week. The company are driving forward their work with great rapidity. Drilling and pumping operations are all on such a scale as can hardly fail to succeed. They are putting a blower in what is called the Taylor well, on lot 19, on the second. The contract on the test well is complete. At 995 feet there was a show of oil, and at 1,000 feet the shale rock was reached. This is the same as overlays the land rock that yields so largely in Pennsylvania. According to previous arrangements, the company are going to pump the well, and it is expected that the large vein struck at 850 feet will be a very paying affair. Should it fail, the company will likely proceed with the drilling till the sand rock is reached."

TRIAL OF DAVIS.—The N. Y. *Times* says: The Judges of the District Court for the District of Columbia have determined to try Jeff. Davis, on the indictment found last Friday, before a full bench, Judge Carter presiding. There is reason to believe that the trial will take place on or about the 19th of this month, unless the defendant can make a showing of necessity for postponing the trial for a few days. It is not believed, moreover that Jeff. Davis will interpose any objection to a trial this month, as the facts involved in the case are patent and indisputable; and were such a thing permissible in a criminal trial, the case could be heard upon an agreed statement of facts. The trial cannot occupy more than three or four days in the impanneling of the jury and presentation of evidence; any further prolongation will depend on the length of arguments of counsel.

AN Irish peasant being asked why he permitted his pig to take up his quarters with his family, made an answer abounding with satirical *naivete*. "Why not? Doesn't the place afford every convanience that a pig can require."

Instigation of Rebel Atrocities by the Southern Clergy.

[Correspondence of the Cincinnati Gazette.]

PITTSBURG, May 25.

The General Assembly of the Old School Presbyterian church, now in session here, is developing some strange things about the rebellion. In the discussion on Missions, yesterday, Dr. John C. Lord, of Buffalo, N. Y., (formerly one who, by his own statements before the Assembly, had conceded everything to Southern demands for the sake of *peace*,) unearthed a rebel tract published and circulated broadcast over the South. It is entitled "Our Design and Our Duty," and is put out by the "Evangelical Tract Society, Petersburg, Va.; No. 215," and has on its title page the name of Rev. J. H. Thornwell, D. D., as its author. Dr. Thornwell, as is well known, was Professor in the Theological Seminary of the Presbyterian church at Columbus, S. C., and was one of the most influential ministers in the country, and one of the clerical *leaders*, of the rebellion. This tract, just revealed at the North, is one of the most scandalous productions from his pen yet published. The extract was read by Dr. Lord to the General Assembly, and is as follows:

"Public spirit will not have reached the height which the exigency demands until we have relinquished all fastidious notions of military etiquette, and have come to the point of expelling the enemy by any and every means that God has put in our power. We are not fighting for military! we are fighting for a home and for national existence. We are not aiming to display our national skill in tactics and generalship; we are aiming to show ourselves a free people, worthy to possess and able to defend the institutions of our fathers. What signifies it to us how the foe is vanquished, provided it is done? Because we have not weapons of the most approved workmanship, are we to sit still and see our soil overrun, and our wives and children driven from their homes, while we have in our hands other weapons that can equally do the work of death? Are we to perish if we cannot conquer by the technical rules of scientific warfare? Are we to sacrifice our country to military *punctilio?* The thought is monstrous. We must be prepared to extemporise expedients. We must cease to be chary either about our weapons, or the means of using them."

As Dr. Lord observed, when reading the foregoing extract, here is found the *authority from one of the foremost men in the Church*, for every atrocity which the rebellion has exhibited, from the attempt to burn Northern cities, to blow up steamers, to throw railroad trains of the track, to murder and starve over 60,000 prisoners of war, the Fort Pillow massacre and the assassination of the President of the United States.

I had this tract in my hands and looked through it. I think no one can peruse it without coming to the conclusion that the leading men in the Southern Church are the most guilty of any persons concerned in the rebellion. Who among civilians and military men, could doubt the *moral* propriety of any and every rebel atrocity, when Dr. Thornwell could urge such sentiments? It is the old Jesuit doctrine that "the end sanctifies the means."

When *justice* is dealt out to *traitors*, let the government not overlook the *Church*. "*Fiat justitia ruat coelum.*" R. L. S.

Moisture in the Atmosphere.

[From the Atlantic Monthly.]

It is the common belief that a dry atmosphere is the most favorable to the consumptive. Many medical authors have advanced this assumption. It is, nevertheless, an error. In the British Isles and in France, outside the cities and manufactories; the mortality from pulmonary diseases is much less than among the agricultural classes of this country. And on the western shores of this continent consumption is comparatively unknown.

Our disadvantage in this comparison is attributable, in considerable part, to the lack of humidity in our atmosphere. Without the evidence of facts we might argue that excessive dryness of the air would produce dryness and irritability of the air passages. From time immemorial, watery vapor has been used as a remedy in irritation and inflamation of the respiratory organs.

A hundred times have my consumptive patients expressed surprise that the wet weather, in which I have insisted that they should go out as usual, has not injured them—that they even breathe more freely than on pleasant days. Of course, I tell them if the body is well protected, the more moist the air the more grateful to your lungs.

There is no possible weather which can excuse the consumptive for keeping indoors. Give him sufficient clothing, protect his feet carefully, and he may go out, freely in rain, snow and wind.

That point of temperature at which the moisture of the atmosphere first becomes visible is known as the dew point. According to one authority, the mean dew point in England, from the first of November to the last of March, is about 35 degrees, that of our Northern States about 16 degrees. Now suppose a house in England is kept at a temperature of 70 degrees, the drying power there would be represented by 35. A house with the same temperature in Albany, for example would possess a drying power of 54. This great contrast in the atmosphere of the two countries is strikingly illustrated by the difference between the plump body and smooth skin of the Englishman, and the lean juiceless body, and the dry, cracked skin of the Yankee. It is also shown in the well known difference in the influence of house heat upon furniture. Our chairs and sofas and wood work warp and shrink, while nothing of the sort occurs in England.

If we use a stove, its entire upper surface may be made a reservior for water; ornamental work, of but little cost, may be used to conceal it. The furnace may be made to send up, with its heat, many gallons of water daily, in the form of vapor. In justice to stoves and furnaces, I must say here, that, in the opportunity to do this, they possess one advantage over open fire-places.

We must all have observed, that, while the air of a hot kitchen is comfortable, that of a parlor of the same heat, from an air tight stove, is almost suffocating. The kitchen has a hot stove, but the steam of its boiling kettles moisten the air.

Your country aunt, who has lived over her cooking stove for years without any serious inconvenience, after spending an afternoon in your parlor, heated by a stove or furnace, returns home "glad to get out of that hot, stifling air." And yet the thermometer may have indicated that the kitchen was ten degrees warmer than the parlor. The dry heat of the parlor produced headache, irritability, and perhaps a sense of stricture in the chest. If we would avoid these, a dry, chapped skin, an irritable nervous system, and a dry, hacking cough, we must add the needed humidity be artificial means.

Gov. Nye of Nevada, says Jeff Davis in petticoats, is the last war-*hoop* of the rebellion.

The last war-hoop must have been a *feint* one.—*Fox Lake Record.*

An Inquisitive Yankee.

The following capital illustration of Yankee curiosity and assurance, originally appeared several years since in the New York *Knickerbocker*. We have laughed over it many a time, and reproduce it that our readers may realize the same pleasure we have enjoyed. It is the best story of the kind extant:

A gentleman riding in an eastern railroad car, which was rather sparsely supplied with passengers, observed in the seat before him a lean, slab-sided Yankee, every feature of whose face seemed to ask a question; and a circumstance soon occurred which proved that he possessed an "inquiring mind." Before, occupying the centre seat, sat a lady dressed in deep black; and after shifting his position several times, and maneuvering to get an opportunity to look into her face, he at length caught her eye. He nodded familiarly to her, and asked, with a nasal twang utterly incapable of imitation:

"In affliction?"

"Yes sir," replied the lady.

"Parents?—father or mother?"

"No, sir," said the lady.

"Child, perhaps?—a boy or gal?"

"No, sir, not a child," was the reply, "I have no children."

"Husband, then, 'spect?"

"Yes," was the curt answer.

"Hum—cholera, s'pose?—a tradin' man, mebbe?"

"My husband was a sea-faring man—the captain of a vessel; did'nt die of cholera—he was drowned."

"Oh, drowned, eh?" pursued the inquisitor, hesitating for a brief instant. "Save his chist?"

"Yes, the vessel was saved, and my husbands effects," said the widow.

"Was they?" asked the Yankee, his eyes brightening up. "Pious man?" he continued.

"He was—a member of the Episcopal church."

The next question was a little delayed—but it came:

"Don't you think you've gre-e-at cause to be thankful that he was a pious man and saved his chist?"

"I do," said the lady abruptly, and turned her head to look out of the car window.

The indefatigable "pump" changed his position, held the widow by his glittering eye, and propounded one more query, in a little lower tone, with his head slightly inclined forward over the back of the seat:

"*Was you calc'lating to get married again?*"

"Sir," said the widow indignantly, "you are impertinent;" and she left her seat and took another on the opposite side of the car.

"'Pears to be a little huffy," said the unabashed bore, turning to our narrator, behind him; "she needn't be mad; I didn't want to hurt her feelin's. What did you pay for that umbrel you've got in your hand? It's a real pooty one."

CITY NOTICES.

THE CULTIVATOR OF CORN.—The large amount of corn to be planted this season, renders it necessary for the producer to have some improved implement for its cultivation. To meet this demand, I am now building "*The Badger State*" gig corn planter.

After six months experimenting with different models, we have one which we are willing should be put to the test, and that it should stand or fall on its own merits. A lengthy description does not seem to be necessary. We will simply say that we are confident it will perform all that any cultivator will, and all that any farmer will require of it. It has six shovels, or four, as desired. The shovels are so arranged as to cultivate wide or narrow shallow or deep; and they all have a very easy side motion. To say that they are made under the supervision of G. F. Lane, is a sufficient guarantee that they will be well made. In fact, they will be warranted in every respect.

The Badger State gig cultivator will be sold this season at $50 at the shop.

Call and see it at the shop one block south of the Hyatt House.

SEWING-MACHINES.—Of the many inventions and improvements of sewing-machines, none have so satisfactorily stood the test of time and service as Grover & Baker's. They have taken the highest premiums at the recent State Fairs of fifteen States; they have, moreover, received the warmest encomiums from all persons who have ever used the machines, and those who have had opportunities to compare the different styles of machines, generally prefer Grover & Baker's to any other. They do the work neatly and well, do not get out of order, and are readily adapted to any kind of sewing. We would advise our lady readers, who are in want of a sewing-machine, to call at Grover and Baker's. —*Brooklyn Standard.*

MORRELL'S ELECTRA MAGNETIC FLUID.—It has been a settled scientific fact that disease is the result of the disturbance of the magnetic forces of the system. That being the case, the natural conclusion would necessarily be, that that which will restore a perfect circulation must be a specific. This the electra magnetic fluid effects, on applying it simply to the surface. Its powers are truly marvelous. It is indicated in all cases when there is a lack of magnetic circulation, such as rheumatism, neuralgia, palsy, bronchitis, consumption, stiff limbs, swelled joints, spasms, cramp, fits, deafness, sore eyes, scrofula, syphilis, cancers, white swelling, prolapsus and other female diseases, &c. Morrell's Magnet Salve is highly recommended for the cure of cuts, bruises, old sores and burns. If applied to a burn immediately, it will stop it from blistering, and take out the fire at once.

Reduction in prices at the

PHOTOGRAPH PARLORS.

Yes, reader! down with high prices, and we have determined to set an example to some others in helping to restore prices to their former status.

The high prices of all material used in making pictures forbid that reduction which we would like to make but we will show our disposition by adopting a scale of prices which will defy competition from Chicago or Milwaukee Artists.

Milwaukee Advertisements.

IT IS hardly necessary to tell the readers of the *Gazette* that when they have Dry Goods to buy, they should take a day's recreation, visit Milwaukee and do up their trading at the famous and popular house of F. R. Sherwin and Co.

This house established only a year and a half since, has by its great enterprise in advertising and fair and liberal dealing attained to the position of the leading house of the State, and one of the most prominent in the West.

Having a house in New York and doing a large wholesale business they are undoubtedly able to offer very great inducements to the retail trade.

Their enormous sales enable them to sell goods at a very small profit, and they carry so large a stock in all departments, that one cannot fail of being suited. This firm is among the largest manufacturers of cloaks and mantillas in the West. Remember the place, 372 and 374, East Water street, Red Front Store. Don't buy anything until you find it.

HASHEESH CANDY.
The Great Oriental
NERVINE COMPOUND.

A most delightful EXHILERANT CONFECTIONIZED, and has been the theme of song and story among the Persians, Arabians and Assyrians.

True Secret of Youth and Beauty.

It is a remedy that ought to be in every House on account of its *harmless* moral powers; and above all, *because of its ever-living cheapness*. It is the cheapest remedy in the world. Colds readily yield to it.

The writer, the speaker, the student and the business man, under its influence, seem to gather a new inspiration and new energy, a readiness and keenness of perception unknown before. No Clergyman, Actor, Singer, Lawyer, or in fact any one should be without it.

Gen. Grant says, "It is of great value for the wounded and feeble, and that it is harmless."

Maj. Gen. Mitchell, the celebrated Astronomer says the Hasheesh Candy helped him when all other remedies failed to relieve him, and that it is an elegant compound.

The celebrated Dr. Mott of New York, says the true medicinal virtues of the Hasheesh Candy are very great: much greater than get appears. I could wish that a remedy so potent for good as it is were more generally in use. NEW YORK, Dec. 15.

COTTSCHALK ON KNABE.

[Translated from the French.]

After having played on the Piano of Messrs. Knabe & Co., it is impossible not to bear testimony to their qualities, which have acquired for them the eminent reputation which they enjoy. The Pianos of their manufacture, on which I have played, are exceedingly remarkable for their qualities. The bass is powerful without harshness, and the upper notes sweet, clear and harmoniously mellow, (chrystaline,) and I do not hesitate to express in regard to these instruments my entire satisfaction, and to declare that they are equal *if not superior* to the best manufactured in Europe or this country by the most celebrated makers.

U. S. 7-30 LOAN.

THIRD SERIES,

$230,000,000.

By authority of the Secretary of the Treasury, the undersigned, the General Subscription Agent for the sale of United States Securities, offers to the public the third series of Treasury Notes, bearing seven and three-tenths per cent. interest per annum, known as the

7-30 LOAN.

These notes are issued under date of July 15, 1865 and are payable three years from that date in currency, or are convertible at the option of the holder into

U. S. 5-20 Six per cent.

GOLD-BEARING BONDS

These Bonds are now worth a handsome premium, and are exempt, as are all the Government Bonds, *from State, County, and Municipal taxation, which adds from one to three per cent. per annum to their value,* according to the rate levied upon other property. The interest is payable semi-annually by coupons attached to each note, which may be cut off and sold to any bank or banker.

The interest at 7-30 per cent. amounts to One cent per day on a $50 note.

Two cents	"	"	"	$100 "
Ten	"	"	"	$500 "
20	"	"	"	$1000 "
$1	"	"	"	$5000 "

Notes of all denominations named will be promptly furnished upon receipt of subscriptions.

The notes of this Third Series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves to itself the option of paying interest in gold coin at 6 per cent. instead of 7 3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th, at the time when they subscribe.

The delivery of the notes of this third series of the Seven-thirties will commence on the 1st of June, and will be made promptly and continuously after that date

The slight change made in the conditions of this THIRD SERIES affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the higher rate.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of, would so reduce and equalize prices that purchases made with six per cent. in gold would be fully equal to those made with seven and three-tenths per cent. in currency. This is

THE ONLY LOAN IN MARKET

Now offered by the Government, and its superior advantages make it the

Great Popular Loan of the People.

Less than $200,000,000 of the Loan authorized by the last Congress are now on the market. This amount, at the rate at which it is being absorbed, will all be subscribed for within two months, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Bankers throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

THE CHAMPION

CLOTHES WRINGER.

The only Wringer in use that is fastened to a tub by the Patent

CURVED CLAMP,

Which has an equal bearing on the tub the whole length of the Wringer, while all other Wringers are merely fastened to a SINGLE STAVE at each end. The Curved Clamp not only affords the most secure fastening of any in use, but it does not strain the tub like all other methods of fastenings. A child eight years old can securely fasten the Wringer to any size TUB, POUNDING BARREL OR BOX.

The Rollers are fastened to the shaft under HALEY'S PATENT, which is acknowledged to be the

Most Effectual Fastening in use.

The shaft being covered with cement and closely wound with strong twine, prevents the rubber from coming in contact with the shaft. If the rubber is allowed to come in contact with the shaft, the sulphur in the rubber acting on the iron soon causes the rubber to become loose, which renders the Wringer useless. This is entirely overcome by using Haley's manner of fastening, which not only prevents the Rollers from becoming loose on the shaft, but renders the use of *Cog Wheels* (used on some Wringers) entirely unnecessary. Wringers with cog wheels TURN A GREAT DEAL HARDER than those without, a fact which every one in want of a Wringer should prove by trial before purchasing one with cog wheels.

The Rollers need no adjusting to wring ordinary clothing, but to wring very heavy articles, they can be adjusted as desired, which saves much hard labor, and straining of the Wringer.

The Rollers turn in boxes of hard maple wood, which are boiled in tallow, consequently need no oiling; while Rollers that turn on iron soon rust, which causes them to turn very hard unless frequently oiled. Oil has a very bad effect on the rubber.

There is no iron about the Wringer that can come in contact with articles being wrung. Besides saving much hard labor, the Wringer will soon pay for itself in the saving of clothing.

Having been so successful in selling these Wringers, as to never have one RETURNED, I invite competition, and desire any one purchasing a "Champion Wringer," to test it with others, and if found SUPERIOR to all others, keep it—if INFERIOR to any, return it, and the money will be refunded if returned within one month.

DIABETES,

STONE IN THE BLADDER, CALCULUR, GRAVEL, BRICK DUST DEPOSIT, AND MUCOUS OR MILKY DISCHARGES AFTER URINATING,

IRRITATION OF THE NECK OF THE BLADDER, INFLAMMATION OF THE KIDNEYS, CATARRH OF THE BLADDER,

STRANGUARY AND BURNING, OR PAINFUL URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms.

Are you troubled with that distressing pain in the small of the back and through the hips? A teaspoonful a day of the Constitution Water will relieve you like magic.

PHYSICIANS

Have long since given up the use of buchu, cubebs and juniper in the treatment of these diseases, and only use them for the want of a better remedy.

CONSTITUTION WATER

has proved itself equal to the task that has devolved upon it.

DIURETICS

irritate and drench the kidneys, and by constant use soon lead to chronic degeneration and confirmed disease.

We present the Constitution Water to the public with the conviction that it has no equal in relieving the class of diseases for which it has been found so eminently successful for curing; and we trust that we shall be rewarded for our efforts in placing so valuable a remedy in a form to meet the requirements of patient and physician.

IN DYSMENORRHŒA, OR PAINFUL MENSTRUATION, AND MENORRHAGIA, OR PROFUSE FLOWING.

Both diseases arising from a faulty secretion of the menstrual fluid—in one case being too little and accompanied by severe pain, and the other a too profuse secretion, which will be speedily cured by the Constitution Water.

That disease known as FALLING OF THE WOMB which is the result of a relaxation of the ligaments of that organ, and is known by a sense of heaviness and dragging pains in the back and sides, and at times accompanied by sharp, lancinating or shooting pains through the parts, will, in all cases, be removed by the medicine.

There is another class of symptoms arising from IRRITATION OF THE WOMB, which physicians call Nervousness, which word covers up much ignorance, and in nine cases out of ten the doctor does not really know whether the symptoms are the disease, or the disease the symptoms. We can only enumerate them here. I speak more particularly of Cold Feet, Palpitation of the Heart, Impaired Memory, Wakefulness, Flashes of Heat, Languor, Lassitude, and Dimness of Vision.

SUPPRESSED MENSTRUATION,

Which in the unmarried female is a constant recurring disease, and through neglect the seeds of more grave and dangerous maladies are the result; and as month after month passes without an effort being made to assist nature, the suppression becomes chronic, the patient gradually loses her appetite, the bowels are constipated, night sweats come on, and *consumption* finally ends her career.

INCREASE OF RATS.—The *Farmer's Gazette* (English) asserts and proves by figures that one pair of rats will have a progeny and descendants no less than 651,660 in three years. Now, unless this immense family can be kept down, they would consume more food than would sustain 65,000 human beings.

RATS *versus* BIRDS.—Whoever engages in shooting small birds is a cruel man; whoever aids in exterminating *rats* is a benefactor. FOR MORE THAN TWENTY YEARS MATHEWS' VENETIAN HAIR DYE has stood the test of trial, and is constantly increasing in public favor.

THE VENETIAN HAIR DYE is the best and cheapest made. Its price is only 75 cents, and each bottle contains double the quantity of dye in those usually sold for $1.

THIS HAIR DYE is manufactured by a peculiar process, which renders it infinitely superior to any dye in market. Being complete in one bottle, no preparation is required, which greatly simplifies the application.

IN USING THIS DYE you avoid that RUSTY, DEAD appearance by which dyed hair and whiskers are so readily recognized, when an inferior article has been used, as it produces a perfectly natural color of any shade that is desired, from a rich brown to a jetty, lustrious black, that will not smut, crock, or stain the clothing. Invest 75 cents, and you will be convinced. Sold by all Druggists and Fancy Goods Dealers.

TWELVE YEARS AGO

HOSTETTER'S STOMACH BITTERS was struggling into notice against the prejudices which everything new, however excellent, is doomed to encounter:

TO-DAY

it stands at the head of all the tonic and alterative preparations in existence. Its celebrity has evoked many imitations but *no rivals*. Physicians pronounce it the ONLY SAFE STIMULANT that has ever been introduced into the sick chamber. In the Hospitals of the Army and Navy, the surgeons find it the very best tonic for convalescents, and report it as invaluable for sustaining the vigor of troops on the march, as a remedy for scurvy and all scorbutic affections, and as the only specific for sea-sickness. California and Australia have emphatically indorsed it as the MINERS' MEDICINE *par excellence*, and in Spanish America and all the tropical climate, it is considered the only reliable antidote to epidemic fevers.

There is no mystery about the causes of its success: It is the only stomachic and alterative in which are combined the grand requisites of a mild, pure, and unvitiated vegetable stimulant, with the finest selection of tonic, anti-bilious, anti-scorbutic, aperient, and depurative herbs, plants, roots, and barks that have ever been intermixed in a medicinal preparation.

The Bitters have this distinctive quality, which is not shared, it is believed, by any tonic, tincture or extract in the world; they do not excite the pulse, though they infuse a wonderful degree of vigor into the nervous system, and strengthen and sustain the whole physical organization.

It is also proper to state that the Bitters are sold exclusively in glass, and never under any circumstances by the gallon or the barrel. Imposters and imitators are abroad, and the only safeguard the public have against them is to see that the Bitters they buy bear the engraved label and note of hand of Messrs. Hostetter & Smith, and the government stamp over the cork of the bottle. ju5dawlw

This Company was organized in 1850 and is one of the most popular and successful Life Insurance Companies in the United States.

It was the aim of the Corporators to fill a want in the community by organizing an Institution which should embody the stability of a purely stock Company with the advantages of a Mutual system, declaring all profits to the insured.

DIVIDENDS GUARANTEED.

And paid to the assured annually, thus greatly reducing the amount of premiums.

The amount of Dividend returned to the assured each year, determines the rate of premium per annum.

A Bona Fide Security of $170 for every $100 of Liabilities.

ENDOWMENT PLAN.

This is a non-forfeiting plan, whereby the advantages of Life Insurance are combined with those of a savings' bank. By this mode a policy is made payable to the assured on his attaining a given age, or should he die previous to that age, to his representatives at his death—thus making provision for old age, and at the same time securing, beyond contingency, the full amount of insurance to one's family, in the event of early death.

This plan of insurance is becoming deservedly popular, and has received the unqualified approval of our best business men and financiers.

NON-FORFEITURE PLAN.

Premiums all paid in ten annual payments, securing a proportionate amount of the whole sum in a paid up policy, should circumstances make it necessary to discontinue further payments of premium at any time

Policies issued in all the various forms, and to apply to all the diversified relations of life.

A large amount of former premiums now invested in first class bonds and mortgages in Wisconsin.

All future premiums received in Wisconsin will be reloaned here.

Ten Dollar Washer.

SIMPLE, PRACTICAL, THOROUGH.

A Small Investment

That will bring Ample Return.

IT WILL WASH FROM ONE TO TWENTY PIECES AT ONCE!

Our machines are as perfect as ever any machine will be. They will wash in the most perfect manner all fabrics from a collar to a blanket, with the greatest ease. They will not only save three-fourths of the labor and soap, but garments will last twice as long when washed in them.

A Bank-bill can be placed in the machine with a dozen dirty collars, and the collars washed clean, without doing the least injury to the bill. It is the simplest as well as the cheapest machine now in use.

The washing is entirely under the control of the operator, so that dirty parts of a garment can be washed without unnecessarily rubbing the clean parts. This machine can only be appreciated by seeing it in operation. Now on exhibition and sale by

OBSERVE WELL

The Noted Analytical Physician,

DR. V. CLARENCE PRICE.

The only Physician of his kind in the West, has met with the greatest success, gained a better reputation, effected more complete cures, visited places the longest without missing an engagement, than any physician that travels, has outlived them all and become noted for his skill in treating all chronic diseases of the

head, nerves, kidneys, bladder, womb and blood, affections of the urinary organs, gravel, scorfula, rheumatism, catarrh, asthma, bronchitis, dyspepsia, &c.

Our practice, not one of experiments, but of twenty years standing, founded on the laws of Nature, with years of experience and evidence to sustain it. Do not tear down, make sick to make well, no harsh treatment, no trifling, no flattering. We know the cause and the remedy needed, no guess work, but knowledge gained by years of experience in the treatment of these diseases exclusively, no encouragement without a prospect. Candid in our opinions, reasonable in our charges, claim not to know everything, or cure everybody, but do claim to reason and common sense. We invite the sick, no matter what their ailment, to call, investigate before they abandon hope, make interrogations and decide for themselves, will cost nothing as consultation is free. This is the fifth year that I have visited this place and I shall make my visits for years regularly on the same days of the week every eight weeks.

I can be consulted at Janesville, Hyatt House, on Saturday and Sunday, the 22d and 23d of July, 1865, Woodstock Exchange Hotel, 24th of July.

DR. KNAPP & SON

Physicians & Surgeons,

FORMERLY OF NEW YORK,

are treating successfully

CHRONIC DISEASES,

On a New System!

Which embraces the best and most approved methods in this and other countries for the cure of all Chronic Diseases.

They treat successfully

All Nervous & Neuralgic Affections,

All forms of Scrofula, Dyspepsia, Diseases of the Liver, Constipation, all Skin Diseases, Pulmonary Consumption in its early stages, Paralysis, Epilepsy, Salt Rheum Headaches, all Heart Diseases, Diseases of Children and

Seminal Weakness, & Sexual Diseases,

Which are carrying thousands to their graves annually.

EYE AND EAR!

They treat successfully, on a new method, all diseases of the Eye and Ear. They have had more extensive practice, and better success in the treatment of all

DISEASES OF WOMEN,

Than any other Physicians in America. They have cured women who have been confined to their bed for years. They never fail to cure

RHEUMATISM!

In all stages; no matter of how long standing They cure

ASTHMA,

so it never returns. They have a Sure Cure for the distressing disease,

Hemmorrhoids, or Piles!

They cure all Diseases of the

Throat and Lungs!

DIPTHERIA CURED!

They have discovered a

SURE AND SPEEDY CURE

For this Terrible Disease!

It is also a sure cure for Scarlatina, or Scarlet Fever, which is of the same class of disease. It never fails to cure Diptheria or Scarlatina in from 12 to 48 hours. It gives relief immediately.

CANCERS!

They have had an extensive practice and wonderful success in the treatment of Cancers, which they CURE without eating them out or using the Knife. Let those who have

TUMORS OR SWELLINGS,

or a red spot lose no time in having it attended to, as a timely treatment may save them from the horrors, suffering and death of an open cancer.

CATARRH CURED!

They are treating Catarrh on a new system which is a

SURE CURE FOR THIS DISEASE!

Experience has proved that Catarrh *cannot* be cured by *local* treatment *alone*; hence, the many advertised cures for Catarrh, all of which are local remedies, give relief *only* while the patient is using them, but *never cure*.

Understanding the disease and we know it *cannot* be cured by LOCAL treatment *alone*, therefore, we also prescribe a *constitutional* remedy to be taken, and by the combined *local* and *constitutional* treatment, we are enabled to remove the *causes* of *Catarrh*, and thereby effect

A PERMANENT CURE.

THEIR CONSULTATIONS for years have averaged from five to seven thousand a year, which gives them an experience unsurpassed by any, and equalled only by a few.

Remember they do not promise to cure all stages of Disease. While all diseases are curable, if taken in season, all stages are not. Your case may be curable this week, not next—to-day, not to-morrow; hence the danger of delay.

No case will be received, when there are any doubts of Cure or Relief.

Our Terms are CASH; hence the money must be sent with all orders for medicines. It costs from five to fifteen dollars per month, to doctor with us, which includes medicines

The poor will be favored.

CONSULTATION FREE.

Patients must write their name, State, post office address, plainly. All letters requiring an answer, must contain a letter stamp, and be addressed to DR. KNAPP & SON, Drawer 6483 Chicago, Ill.

Any of the above diseases can be treated successfully by the patients' describing their case in a letter, when they cannot see us.

READ WHO SAYS SO:

From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.
From the Hon. Thomas B. Florence.

WASHINGTON, Jan. 1st, 1864.

Gentlemen:—Having stated it verbally to you, I have no hesitation in writing the fact, that I experienced marked benefit from your Hoofland's German Bitters. During a long and tedious session of Congress, pressing and onerous duties nearly prostrated me. A kind friend suggested the use of the preparation I have named. I took his advice, and the result was improvement of health, renewed energy, and that particular relief I so much needed and obtained. Others may be similarly advantaged if they desire to be.

Truly your friend, THOMAS B. FLORENCE.

From **John B. Withersham,** Esq., firm of Withersham and Hutchinson, the celebrated manufacturers of Fancy Iron Works, 259 Canal street:

I am the recipient from you of one of the greatest favors that can be conferred upon man, viz., that of health. For many years have I suffered from one of the most annoying and debilitating complaints that the human family can be afflicted with, Chronic Diarrhœa.

During the long time I was suffering from this disease, I was attended by regular physicians, giving me but temporary relief. The cause seemed to remain until I was induced to try Hoofland's German Bitters. After the use of a few bottles of that valuable medicine, the complaint appeared to be completely eradicated.

I often inwardly thank you for such a valuable specific, and, when I have an opportunity, cheerfully recommend it, with full confidence in its reliability.

Truly yours, JOHN B. WITHERSHAM.
New York, Feb. 2, 1864.

From **Julius Lee,** Esq., firm of Lee & Walker, the most extensive Music Publishers in the United States, No. 722 Chestnut street, Philadelphia.

February 8th, 1864.

Messrs. Jones & Evans—Gentlemen: My mother-in-law has been so greatly benefitted by your Hoofland's German Bitters that I concluded to try it myself. I find it to be an invaluable tonic, and unhesitatingly recommend it to all who are suffering from dyspepsia. I have had that disease in its most obstinate form—flatulence—for many years, and your Bitters has given me ease when everything else had failed.

Yours truly, JULIUS LEE.

From the Hon. Jacob Broom.

PHILADELPHIA, Oct. 7th, 1863.

Gentlemen:—In reply to your inquiry as to the effect produced by the use of Hoofland's German Bitters in my family, I have no hesitation in saying that it has been highly beneficial. In one instance, a case of dyspepsia of thirteen years' standing, and which had become very distressing, the use of one bottle gave decided relief, the second effecting a cure, and the third, it seems, has confirmed the cure, for there has been no symptoms of its return for the last six years. In my individual use of it, I find it to be an unequalled tonic and sincerely recommend its use to the sufferers.

Truly yours, JACOB BROOM, 1707 Spruce.

From **Rev. W. D. Seigfried,** Pastor of the 12th Baptist Church:

PHILADELPHIA, December 26th, 1863.

Messrs. Jones & Evans—Gentlemen: I have recently been laboring under the distressing effects of indigestion, accompanied by a prostration of the nervous system. Numerous remedies were recommended by friends, and some of them tested but without relief. Your Hoofland's German Bitters were recommended by persons who had tried them, and whose favorable mention of the Bitters induced me also to try them. I must confess that I had an aversion to Patent Medicines, from the "thousand and one" quack "Bitters," whose only aim seems to be to palm off sweetened and drugged liquor upon the community, in a sly way; and the tendency of which, I fear, is to make many a confirmed drunkard. Upon learning that yours was really a medicinal preparation, I took it with happy effect. Its action not only upon the stomach, but upon the nervous system, was prompt and gratifying. I feel that I have derived great and permanent benefit from the use of a few bottles.

Very respectfully yours, W. D. SEIGRIED,
No. 254 Shackamaxon Street.

From the **Rev. Thos. Winter,** D. D., Pastor of Roxbury Baptist Church:

Dr. Jackson—Dear Sir: I feel it due to your excellent preparation, Hoofland's German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.

Respectfully yours, E. WINTER,
Roxbourough, Pa.

From **Rev. J. S. Herman,** of the German Reformed Church, Kutztown, Berks county, Pa.

Dr. C. Jackson—Respected Sir: I have been troubled with Dyspepsia nearly twenty years, and have never used any medicine that did me as much good as Hoofland's German Bitters. I am very much improved in health, after having taken five bottles.

Yours, with respect, J. S. HERMAN.
